835 Market Street
Room 619, 6th Floor**

**Light breakfast &
refreshments provided.**

LEADERSHIP ACADEMY

TOPIC: ALL YOU WANT TO KNOW ABOUT MENTAL HEALTH BUT NEVER GOT THE CHANCE TO ASK

About the Workshop: May is Mental Health Awareness Month! As such, this month's Leadership Academy is designed to be a community education forum on mental health. In this workshop, participants will learn about a variety of mental health conditions--with the goal of utilizing this knowledge to increase our capacity to provide compassionate, person-centered care in our community. In this interactive training, participants will engage in dialogue and discussion, and are encouraged to ask any questions related to mental health, as well as to submit questions in writing during the break to be answered during the Q & A period. Please join us for this opportunity to connect with each other as we develop our skills to support our clients and our community!

About the Presenter: Dr. Philip Tsui is a Clinical Psychologist and Licensed Clinical Social Worker with over 30 years of experience providing mental health care, supervision, consultation and management of mental health agencies. He is the Clinical Director of the Senior Division at Felton Institute (formerly, Family Service Agency of San Francisco) and a trainer in the Training Division, Adjunct faculty member of California State University—East Bay, Clinical Consultant of San Francisco Suicide Prevention, Inc. and Hong Kong New Life Psychiatric Rehabilitation Association. He conducts training on mental health issues, law and ethics in mental health/social work practice, DSM-5 clinical diagnosis, clinical supervision, suicide and violence risk assessment and management in Asia and in the United States.

Please RSVP (now required 😊), as space is limited!
