## **LEADERSHIP ACADEMY COMMUNITY ADVISORY BOARD MEMBER TRAINING**

Please join us for this dynamic training presented by Richmond Area Multi-Services, Inc. (RAMS), in partnership with the San Francisco Department of Public Health, to learn about Community Advisory Boards (also referred to as Consumer Advisory Boards or Councils); these groups are comprised of consumers, family members and community advocates, and provide input and recommendations to organizations to help them best meet the needs of clients and of the community.

Panelists from within the Department of Public Health, peer representatives with experience being members of CABs, and speakers from RAMS will be engaging in interactive discussion throughout the training. Participants will be given a comprehensive overview of the purpose of Community Advisory Boards, how they are established and maintained, CAB member roles, responsibilities, and functions, and will hear from consumers who have participated in these advisory groups. Attendees will also have the opportunity to learn about CAB meeting facilitation, as well as discuss elements of meaningful participation and meeting administration.
