

RAMS Peer Specialist Mental Health Certificate Advanced Course

Interactive Classes

Classes are conducted by experts working and teaching in the behavioral health field, as well as by peer providers who have years of experience serving the San Francisco community. Students will have regular opportunities to practice the skills and techniques learned in class through interactive exercises with classmates and consultation with instructors.

Specialized Training

Students will be trained in topics relevant to the peer counseling field, such as: Core Interpersonal Counseling Skills, Wellness & Recovery Principles, Cultural Humility, Boundaries & Ethics, Providing Trauma-Informed Care, De-Escalation & Crisis Prevention, Documentation & more!

In January 2019, Richmond Area Multi-Services Inc. (RAMS) will offer its **8-week Peer Specialist Mental Health Certificate Advanced Course** targeted to individuals, and family members of individuals, who live in San Francisco and have received behavioral health services.

The Advanced Course is designed to empower & educate participants working as peer providers, advocates, and volunteers in the community--as well as those with relevant education in the field--who would like to obtain specialized training and professional development in a collaborative learning environment. Through the class, students will expand their knowledge, build confidence, and enhance their capacity to provide strengths-based, person-centered peer counseling services & support in the community.
