LEADERSHIP ACADEMY

TOPIC: TRAUMA, GRIEF AND LOSS – SUPPORTING THE JOURNEY TO HEALING

About the Workshop: In this workshop, we will explore the ways in which trauma, grief, and loss intersect, and how to help clients navigate the experience of grief and loss. Participants will learn about trauma-informed support strategies and build tools to assist others in identifying their individual roadmaps to healing. As always, there will be opportunities for meaningful interaction with others in the peer provider community, and hands-on opportunities to practice what is learned. Participants will leave feeling empowered to support others through the grieving process. We look forward to seeing you there!

“Grief is in two parts. The first is loss. The second is the remaking of life.” – Anne Roiphe

About the Presenter: Nicky MacCallum, LMFT, NCC, is the Co-Chair of the Mental Health Working Group for the National Network of Hospital-based Violence Intervention Programs and the Counseling Services Director at Youth ALIVE!, a violence prevention and intervention organization in Oakland, CA. She seeks to provide a safe and supportive presence for staff, who she both counsels and helps develop self-care plans, as part of a trauma-informed approach to violence intervention and case-management. Nicky has been providing quality psychological services to children, adolescents, transition-age youth and their families for more than 25 years. She is a licensed Marriage and Family Therapist, nationally certified counselor, and conducts trainings on trauma-informed practices and vicarious trauma both locally and nationally. Nicky also has experience collaborating with victims of crime services, community mental health, residential services, and hospital based programs.
